Educator Evaluation Plan - Variance

$QLWD 0XUSK\ 6XSHULQWHQGHQW
Capital Region BOCES
900 Watervliet Shaker Road

Page Last Modified: 08/19/2022

Required Student Performance Variance

A variance may be requested for the following areas of the required student performance subcomponent:

- A description of the measure(s) of student growth to be used (e.g., the SLO goal setting process; SLO components)
- Applicable evidence of student learning (e.g., how growth will be measured through various forms of assessment, evaluation of student performance)
- A method for converting student results to a score on a scale from 0-20*
- A scale for conversion of the score of 0 to 20 to a HEDI rating*

Applicable Areas

Please indicate the area(s) of the required student performance subcomponent for which a variance is being requested.

- ☑ Measures of student growth
- ☑ Evidence of student learning

*Only select "Conversion to a 20-point score" or "HEDI ranges" if your variance request involves different values than those included in the table below.

Highly Effective			Effective			Developing		Ineffective												
20	19	18	17	16	15	14	13	12	11	10	9	8	7	6	5	4	3	2	1	0

Applicable Teachers

Please list all teachers to whom this required student performance variance request applies.

- **If applicable, use the options in the 'Groups of Teachers' column, OR select teachers individually in the columns to the right.**

	Groups of Teachers	Common Branch	ELA	Math	Science	Social Studies
Group 1	☑ Ungraded special education program teachers(including core and non-core/elective teachers)					
Group 2						
Group 3						

Non-core/Elective Teachers

Please only **check the box below** if none of the options for non-core/elective teachers in the table above are applicable **(e.g., teachers of art, music, and physical education use different measures and assessments).**

Page Last Modified: 08/22/2022

Measures of Student Growth

Please describe the measure that will be used to evaluate teachers for the required student performance subcomponent (e.g., the SLO goal setting process; SLO components) and identify the group(s) from the applicability page that correspond(s) to the measure.

To include evidence of student learning in this required student performance variance request that is different than the assessments selected in the approved Educator Evaluation plan, please choose 'Evidence of student learning' on the applicability page and complete the information on the subsequent page.

- **If there is only one group of applicable teachers for this required student performance variance, select 'Group 1'.**
- **If all groups of applicable teachers use the same measure, select 'All applicable teachers listed'.**
- **Use 'Add Row' to list additional groups that correspond to the row from the applicable teachers table.**

Applicable Teachers Row Groups	Description of Measure
☑ Group 1	This group encompasses our Special Education division, which includes students with significant academic, social and behavioral needs. In an effort to measure the impact of specially designed instruction, all classroom teachers will use one academic IEP goal for each student as their growth measure. The identified goal criteria/target will be used as their target. Baseline data will be determined, per the IEP goal criteria, at the beginning of the year through progress monitoring of the IEP goal. Student growth towards the goal criteria/target will be measured through progress monitoring with evidence collection at intervals determined by the goal schedule, and methods determed by the measure on the IEP. Progress monitoring data will tracked in IEP direct. At the end of the year, student growth will be measured based on whether the student attained and/or made consistent progress toward meeting the IEP goal criteria/ target.

Measures Assurance

Please read the assurance below and check the box.

☑ Assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.

Page Last Modified: 08/19/2022

Evidence of Student Learning

Please identify any evidence of student learning to be used and identify the group(s) from the applicability page that correspond(s) to the evidence listed. A description of how growth will be measured through various forms of assessment should be included in the last section of this variance request.

- If there is only one group of applicable teachers for this required student performance variance, select 'Group 1'.
- If all groups of applicable teachers use the same evidence, select 'All applicable teachers listed'.
- Use 'Add Row' to list additional groups that correspond to the row from the applicable teachers table.

Traditional Assessments

To enter 'other evidence' that is not included in the options below, scroll to the next table.

Variance Details

Please read the questions below, answer each prompt in a concise manner, and identify the group(s) from the applicability page that correspond(s) to the information provided.

- If there is only one group of applicable teachers for this required student performance variance, select 'Group 1'.
- If one response encompasses all groups of applicable teachers, select 'All applicable teachers listed'.
- Use 'Add Row' to list additional groups that correspond to the row from the applicable teachers table.

Rationale

Please provide a rationale for this variance request.

Applicable Teachers Row Groups	Your rationale should include information regarding the specific, identified needs and/or challenges of the LEA, and how such needs and/or challenges inform development of the required student performance variance request.
☑ Group 1	The proposed changes will align more closely with the individual needs of the unique students within our Special Education division. Academic IEP goals are standards aligned and are created to address the identified areas of need for each individual student based on data from the previous year(s). To successfully measure impact of specially designed instruction, evaluation of growth needs to be measured using assessments that are more directly aligned to each individual students' academic area(s) of need. Traditional standardized achievement tests do not measure growth in increments that match our students. This method will ensure that growth measures and success criteria are tightly aligned to the needs of each student as identified and agreed upon by the Committee of Special Education (CSE).

Standards and Procedures

Please provide a description of the standards and procedures that will be used in lieu of those included in the LEA's most recently approved evaluation plan.

Student Learning Objectives (SLOs)

For guidance on SLOs, see NYSED SLO Guidance.

SLOs shall be used as the required student performance measure for all teachers. The following must be used as the evidence of student learning within the SLO.

MEASURES

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the student population of a course for which the teacher directly contributes to student learning outcomes.

> Individually attributed results: VFRUHV DQG UDWLQJV ZLOO EH EDVHG RQ WKH JURZWK RI VWXGHQWV LQ V

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple sections of the same course or across multiple courses where more than one teacher either directly or indirectly contributes to student learning outcomes. When determining whether to use a collectively attributed SLO, the LEA should consider:

- îdentifying which measures and assessments could be used to encourage partnerships or teams where teachers have an opportunity to collectively impact student learning;
- îdentifying which assessments could be used to help foster and support the LEA's focus on a specific priority area(s);
- îWKH LPSDFW RQ WKH /($åV DELOLW\ WR PDNH VWURQJ DQG HTXLWDEOH LQIHUHQFHV UHJDU
- îwhen using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> Collectively attributed results: scores and ratings will be based on the growth of all students in a school or program or students across buildings/programs in an LEA who take the applicable assessments in the current school year.

> Collectively attributed group or team results: scores and ratings for a group or team of teachers will be based on the growth of VWXGHQWV LQ WKH JURXS WHDP RI WHDFKHUVå FRXUVHV or VWXGHQWV LQ WKH JURXS WHDP RI WHDFKHUVå FRXUV year.

> Collectively attributed linked results: VFRUHV DQG UDWLQJV ZLOO EH EDVHG RQ WKH JURZWK RI VWXGHQWV VFKRRO \HDU WDNLQJ assessments in other grades/subjects.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

- State assessment(s); or

Page Last Modified: 11/07/2022

Assessment(s) that are selected from the list of State-approved:

- third party assessments; or
- locally-developed assessments (district-, BOCES-, or regionally-developed).

SLO Assurances

Please read the assurances below and check each box.

☑ Assure that each teacher has an SLO as determined locally in a manner consistent with the goal-setting process determined by the Commissioner.

☑ Assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.

☑ Assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.

☑ Assure that if a teacher's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.

☑ Assure that processes are in place for the superintendent to monitor SLOs.

☑ Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved Educator Evaluation plan.

☑ Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.

Use of the Optional Subcomponent and Student Performance Category Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the percentage of the Student Performance category attributed to the Required subcomponent will be locally determined.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

Page Last Modified: 08/05/2022

Optional Student Performance Subcomponent

For guidance on the optional subcomponent of the Student Performance category, see NYSED Educator Evaluation Guidance.

Percentage of Student Performance category to be locally determined if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the LEA and be a locally selected measure of student growth or achievement based on State-created or -administered assessments or State-designed supplemental assessments.

Options for measures and associated assessments include:

- Option (A) A second SLO, provided that this SLO is different than that used in the required subcomponent;
- Option (B) A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;
- Option (C) A measure of student growth, other than an SLO, based on State-created or -administered assessments or State-designed supplemental assessments;
- Option (D) A performance index based on State-created or -administered assessments or State-designed supplemental assessments;
- Option (E) An achievement benchmark on State-created or -administered assessments or State-designed supplemental assessments; or
-

At what level are the observable components of the selected rubric(s) rated?

☑ Other (please provide more information below)

In the box below, please provide additional details on the level at which the observable components of the selected rubric are rated.

When using the Danielson 2013 Instructionally focused rubric, Domains 1 and 4 are rated holistically. Domains 2 and 3 are rated at the subcomponent level and are averaged to get the domain score.

How are the observable components of the selected rubric(s) weighted?

☑ Each component is weighted equally and averaged

Scoring the Observation Category

If an evaluator conducts multiple observations of the same type, how are those observations weighted?

Examples of observations of the same type include but are not limited to:

- Two observations by the principal with one early in the school year weighted at 40% and one late in the school year weighted at 60%.
- Two observations by the principal, with one holistic score for each component of the rubric based on the preponderance of evidence over both observations.

Please note: Weighting across observation type (i.e. Principal vs. Independent Evaluator) are described in the following section.10 42 749 Tm (CAPITAL REGION luA0coring vwg.k20C /P <</MCID 13 >>BDC /T1_1 1 Tfacrossdc23t /T12y in the ss6

Teacher Observation Subcomponent Weighting

For a definition of terms used in this section, see the Educator Evaluation Glossary.

Required Subcomponent 1: Observations by Principal(s) or Other Trained Administrator(s)

- At least 80% of the Teacher Observation category score

Required Subcomponent 2: Observations by Impartial Independent Trained Evaluator(s)*

- At least 10%, but no more than 20%, of the Teacher Observation category score

Optional Subcomponent: Observations by Trained Peer Observer(s)

- No more than 10% of the Teacher Observation category score when selected

Please be sure the total of the weights indicated equals 100%.

* The process selected for conducting observations, including those conducted by trained, impartial independent evaluators, exists in perpetuity until a new plan is approved by the Commissioner. However, if your LEA applies for and receives approval of an Independent Evaluator Hardship Waiver for a school year, then the terms specified in that waiver application will apply for that school year only. Please note that independent Evaluator Hardship Waiver requests must be submitted and approved on an annual basis.

Please indicate the weight of each observation type and be sure the total of the weights indicated equals 100%.

Principal/Administrator [Required]

Teacher Observation

The teacher observation category is made up of two (2) required and one (1) optional subcomponents.

- The frequency and duration of observations are locally determined.
- Observations may occur in person, by live virtual observation, or by recorded video, as determined locally.
- LEAs may locally determine whether to use more than one observation by any of the required observers. Nothing shall be construed to limit

trained administrator (supervisor).

- Required Subcomponent 2: At least one observation must be conducted by an impartial independent trained evaluator (independent evaluator).
- Optional Subcomponent: If selected, at least one observation must be conducted by a trained peer observer (peer observer).

Please use the table below to enter the minimum number of observations and method of observation for each type listed.

	Minimum Number of Observations	Method of Observation Select all that apply
Announced Supervisor Observation (Required Subcomponent 1)	1	☑ In person
Unannounced Supervisor Observation (Required Subcomponent 1)	0	☑ Not applicable
Announced Independent Evaluator Observation (Required Subcomponent 2)	0	☑ Not applicable
Unannounced Independent Evaluator Observation (Required Subcomponent 2)	1	☑ In person
Announced Peer Observation (Optional)	0	☑ Not applicable
Unannounced Peer Observation (Optional)	0	☑ Not applicable

Does the information in the table above apply to all teachers?

☑ Yes, all teachers receive the same number of observations of each type by the same method(s).

Independent Evaluator Assurances

Please read the assurances below and check each box.

☑ Assure that independent evaluator(s) are not employed in the same school building, as defined by BEDS code, as the teacher(s) they are evaluating.

☑ Assure that independent evaluator(s) will be trained and selected by the LEA.

Which groups of teachers may utilize the appeals process? Select all groups that have the same process as defined in subsequent columns. To add additional groups with a different process, use the "Add Row" button.	Please select the ground(s) on which the teachers selected are permitted to appeal their overall evaluation rating. Training Assurance

Please read the assurance below and check the box.

☑ The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on, at a minimum, elements 1, 2, and 4 below.

1. The New York State Teaching Standards, and their related elements and performance indicators
2. Evidence-based observation techniques that are grounded in research
3. Application and use of any methodology as part of an SLO and any optional second measures of student performance used by the LEA to evaluate its teachers
4. $SSOLFDWLRQ DQG XVH RI WKH 6WDWH DSSURYHG WHDFKHU UXEULF V VHOHFWHG E\ WKH DSSOLFDWLRQ RI VXFK UXEULFV WR REVHUYH D WHDFKHUåV SUDFWLFH
5. Application and use of any assessment tools that the LEA utilizes to evaluate its classroom teachers
6. Application and use of any locally selected measures of student growth used in the Optional subcomponent of the Student Performance category used by the LEA to evaluate its teachers
7. Use of the Statewide Instructional Reporting System
8. The scoring methodology utilized by the Department and/or the LEA to evaluate a teacher under this Subpart, including the weightings of each subcomponent within a category; how overall scores/ratings are generated for each subcomponent and category and application and use of the evaluation matrix(es) prescribed by the Commissioner for the four designated rating categories used for the teacher's overall rating and their category ratings
9. Specific considerations in evaluating teachers of English language learners and students with disabilities

Training of Lead Evaluators, Evaluators, Independent Evaluators, and Peer Observers and Certification of Lead Evaluators

For a definition of terms used in this section, please see the Educator Evaluation Glossary.

Please answer the questions below to describe the training process for all evaluators.

Evaluator Training

Please identify the entity responsible for training and retraining evaluators.

Check all that apply.

☑ District/BOCES (LEA conducts their own training)

Please read the assurance below and check the box.

☑ Assure that the duration of training and retraining is sufficient to train on all 9 elements from Section 30-3.10 of the Rules of the Board of Regents (which includes, but is not limited to, training on the proper application or use of the rubric).

Initial training

Teacher Evaluation Assurances

Please read the assurances below and check each box.

☑ Assure that the LEA shall compute and provide to the teacher their score and rating for the Student Performance category, if available, and for the Teacher Observation category for the teacher's evaluation, in writing, no later than the last school day of the school year for which the teacher is being measured, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.

☑ Assure that the evaluation system will be used as a significant factor for employment decisions.

☑ Assure that teachers will receive timely and constructive feedback as part of the evaluation process.

☑ Assure that the following prohibited elements listed in Education Law Section 3012-d(6) are not being used as part of any teacher's evaluation: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of teacher effectiveness; any locally-developed assessment that has not been approved by the Department; and any growth or achievement target that does not meet the minimum standards as set forth in regulations of the Commissioner. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.

Assessment Assurances

Please read the assurances below and check each box.

☑ Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.

☑ Assure that individuals with vested interest in the outcome of their assessments are not involved, to the extent practicable, in the scoring of those assessments.

Data Assurances

Please read the assurances below and check each box.

☑ Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.

☑ Assure that the LEA provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.

☑ Assure that scores for all teachers will be reported to SED for each subcomponent, as well as the overall rating, as per SED requirements.

☑ Assure that procedures for ensuring data accuracy and integrity are being utilized.

INPUT MODEL

Selection of the Input Model will require:

- a description of the areas of principal practice that will be evaluated;
- a description of how the selected areas of principal practice promote student growth;
- a description of the evidence of student growth and principal practice that will be collected; and
- a description of how the district will use the evidence to differentiate effectiveness resulting in a score from 0 to 20 and ratings of Highly Effective, Effective, Developing, or Ineffective.

Measure Type(s)

Please indicate below which type(s) of measures will be used to evaluate principals. Please check all that apply.

☑ Student Learning Objective (SLO)

Assurances

Please read the assurances below and check each box.

☑ Assure that processes are in place for the superintendent to monitor SLOs and/or input models.

☑ Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved Educator Evaluation plan.

SLO Assurances

Please read the assurances below and check each box.

☑ Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.

☑ For principals evaluated using an SLO, assure that such SLO is determined locally in a manner consistent with the goal-setting process determined by the Commissioner.

☑ For principals evaluated using an SLO, assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.

☑ For principals evaluated using an SLO, assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.

☑ For principals evaluated using an SLO, assure that if the principal's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.

Principal Practice Rubric

Select a principal practice rubric from the menu of State-approved rubrics to assess principal practice based on ISLLC 2008 Standards (PSEL standards beginning in 2024-25).

Rubric Name	If more than one rubric is utilized, please indicate the group(s) of principals each rubric applies to.
Multidimensional Principal Performance Rubric	(No Response)

Please read the assurances below and check each box.

☑ Assure that the same rubric(s) is (are) used for all principals in the same or similar programs or grade configurations across the LEA, provided that LEAs may locally determine whether to use different rubrics for a principal assigned to different programs or grade configurations as indicated in the table above.

☑ Assure that the same rubric(s) is (are) used for all school visits for a principal across the school visit types in a given school year.

Rubric Rating Process

For more information on the Principal School Visit category see NYSED Educator Evaluation Guidance. For a definition of terms used in this section, see the Educator Evaluation Glossary.

The following is one example of how an LEA might score principal school visits using the selected practice rubric: Domains 1-4 of the MPPR rubric have been negotiated as observable. Domains 2 and 3 are weighted as 40% each, and Domains 1 and 4 are weighted as 10% each. For each school visit, evidence is collected for all observed subcomponents in a domain. A holistic score is then determined for each domain. These domain scores are weighted as indicated above to reach a final score for each school visit. Scores for each school visit are weighted equally and averaged to reach a final score for each school visit type. The LEA will ensure that all subcomponents designated as observable will be addressed at least once across the school visit cycle.

Principal School Visits

The principal school visit category is made up of two (2) required and one (1) optional subcomponents.

- The frequency and duration of school visits are locally determined.
- School visits may not occur by live or recorded video.
- LEAs may locally determine whether to use more than one school visit by any of the required observers. Nothing shall be construed to limit the discretion of administrators to conduct school visits in addition to those required by this section for non-evaluative purposes.

Required Subcomponents

- At least one of the required school visits must be unannounced (across both required subcomponents).

Required Subcomponent 1: School Visits by Supervisor(s) or Other Trained Administrator(s)

- At least one school visit must be conducted by the superintendent or other trained administrator.

Required Subcomponent 2: School visits by Impartial Independent Trained Evaluator(s)*

- At least one school visits must be conducted by an impartial independent trained evaluator.
- Impartial independent trained evaluators are trained and selected by the LEA. They may be employed within the LEA, but may not be assigned to the same school building as the principal being evaluated. This could include other administrators, department chairs, or peers, so long as they are not from the same building (defined as same BEDS code) as the principal being evaluated.

* The process selected for conducting school visits, including those conducted by trained, impartial independent evaluators, exists in perpetuity until a new plan is approved by the Commissioner. However, if your LEA applies for and receives approval of an Independent Evaluator Hardship Waiver for a school year, then the terms specified in that waiver application will apply for that school year only. Please note that independent Evaluator Hardship Waiver requests must be submitted and approved on an annual basis.

Optional Subcomponent: School Visits by Trained Peer Principal(s)

- If selected, at least one school visit must be conducted by a trained peer principal.
- Peer principals are trained and selected by the LEA. Trained peer principals must have received an overall rating of Effective or Highly Effective in the prior school year.

School Visit Assurances

Please read the assurances below and check each box.

- ☑ Assure that the following elements will not be used in calculating a principal's school visit category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of principal practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of principal effectiveness. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- ☑ Assure that the length of all school visits for principals will be conducted pursuant to the locally-determined durations.
- ☑ Assure that at least one of the required school visits will be unannounced.
- ☑ Assure that school visits will not be conducted via video. 2eT4GFigup 40TfDwtTd4nsu/bdiuse of professional goal-s8S proA/as thl notgoal-s8S proA

Peer School Visit Assurances

Please read the assurances below and check each box.

☑ Assure that peer principals, as applicable, will be trained and selected by the LEA.

☑ Assure that, if school visits are being conducted by trained peer principal(s), these principal(s) received an overall rating of Effective or Highly Effective in the previous school year.

Category and Overall Ratings

For guidance on Educator Evaluation scoring, see NYSED Educator Evaluation Guidance.

Category Scoring Ranges

The overall Student Performance category score and the overall School Visit category score will be converted into a HEDI rating based on the ranges listed in the tables below.

Student Performance Category

HEDI ratings must be assigned based on the point distribution below.

	Overall Student Performance Category Score and Rating	
	Minimum	Maximum
H	18	20
E	15	17
D	13	14
I	0	12

Principal School Visit Category

HEDI ratings must be assigned based on locally-determined ranges consistent with the constraints listed below.

	Overall School Visit Category Score and Rating	
	Minimum	Maximum
H	3.5 to 3.75	4.0
E	2.5 to 2.75	3.49 to 3.74
D	1.5 to 1.75	2.49 to 2.74
I	0.00	1.49 to 1.74

Scoring Matrix for the Overall Rating

The overall rating for an educator shall be determined according to a methodology described in the matrix below.

		Principal School Visit Category			
		Highly Effective (H)	Effective (E)	Developing (D)	Ineffective (I)
Student Performance Category	Highly Effective (H)	H	H	E	D
	Effective (E)	H	E	E	D
	Developing (D)	E	E	D	I
	Ineffective (I)	D	D	I	I

Category and Overall Rating Assurances

Please read the assurances below and check each box.

☑ Assure that each subcomponent and category score and rating and the Overall rating will be calculated pursuant to the requirements specified in Subpart 30-3 of the Rules of the Board of Regents.

☑ Assure that it is possible to obtain a zero in each subcomponent.

☑ Assure the overall rating determination for a principal shall be determined according to the evaluation matrix.

Principal Evaluation Assurances

Please read the assurances below and check each box.

☑ Assure that the LEA shall compute and provide to the principal their score and rating for the Student Performance category, if available, and for the Principal School Visit category for the principal's evaluation in writing, no later than the last school day of the school year for which the principal is being measured, but in no case later than September 1 of the school year next following the school year for which the principal's performance is being measured.

☑ Assure that the evaluation system will be used as a significant factor for employment decisions.

☑ Assure that principals will receive timely and constructive feedback as part of the evaluation process.

☑ Assure that the following prohibited elements listed in Education Law Section 3012-d(6) are not being used as part of any principal's evaluation: evidence of student development and performance derived from lesson plans, other artifacts of principal practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of principal effectiveness; any locally-developed assessment that has not been approved by the department; and any growth or achievement target that does not meet the minimum standards as set forth in regulations of the Commissioner. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.

Assessment Assurances

Please read the assurances below and check each box.

☑ Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.

☑ Assure that individuals with vested interest in the outcome of their assessments are not involved, to the extent practicable, in the scoring of those assessments.

Data Assurances

Please read the assurances below and check each box.

☑ Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.

☑ Assure that the LEA provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.

☑ Assure that scores for all principals will be reported to SED for each subcomponent, as well as the overall rating, as per SED requirements.

☑ Assure that procedures for ensuring data accuracy and integrity are being utilized.
